

## **Dr Sanjeev Jain performed Live Demonstration Surgery of Total Knee Replacement**

Dr Sanjeev Jain performed Live Demonstration at KEM Hospital Mumbai on 29th August 2012. It was a conference and advance training course of BOS - Bombay Orthopedic Society. Dr Jain has done a surgery of different kind where he demonstrated Cruciate Retaining Mobile Bearing Knee Replacement through subvastus approach [No muscle cutting]. This approach helps in quick recovery and patients usually do not need any physiotherapy.
